

TRANE

It's Hard To Stop A Trane.

Thermostats

Every home deserves the precise, even comfort of Trane.

Maximize your comfort and energy efficiency with Trane programmable thermostats.

Trane's hardworking, full-featured, programmable thermostats combine innovative design and simplicity of use with legendary Trane reliability. You can select the thermostat that suits your lifestyle and set exactly the degree of comfort and the level of efficiency you desire.

PROGRAMMABLE THERMOSTATS

Trane's highly advanced XL900 touchscreen thermostat offers complete control for Trane non-variable speed communicating systems. It is simple to program and easy to read in any light, and the XL900 features a complete 7-day schedule, with the ability to automatically switch between heating and cooling as needed. For greater convenience, it features a real-time clock, filter reminders and system diagnostic capabilities.

XL800 series touchscreen thermostats offer many of the same touchscreen features as the XL900 for virtually all conventional non-communicating 24 volt systems. The unit may also be removed from the wall, allowing you to adjust the temperature from the comfort of your sofa or favorite chair.

XL600 series programmable thermostats feature a 5-day/2-day programmable schedule that is simple to program and accommodate separate schedules for weekdays and weekends, custom-tuning your comfort to your lifestyle.

XR400/XB200 Series Thermostats

Trane's durable, hardworking thermostats provide large, easy-to-read numbers that give you direct control over your comfort. A slide-out compartment holds your dealer's contact information for convenience and quick access.

The Trane XL900 and XL800 Series thermostats have a 10 year registered limited warranty on functional parts. The XL600 Series, XR400 Series, and XB200 thermostats have a 5 year registered limited warranty on functional parts.

Registered Limited Warranty terms are available when you register within 60 days of installation. You can register online at Trane.com or by phone at 800-554-6413, otherwise Trane's Base Limited Warranty terms will apply. Base Limited Warranty information on specific products can be found on Trane.com. Ask your dealer for full warranty information at time of purchase. Warranties are for residential and multi-family use only, some exclusions may apply.

As part of our continuous product improvement, Trane reserves the right to change specifications and design without notice. Read important energy cost and efficiency information available from your dealer.

Ingersoll Rand (NYSE:IR) advances the quality of life by creating comfortable, sustainable and efficient environments. Our people and our family of brands—including Club Car®, Ingersoll Rand®, Thermo King® and Trane®—work together to enhance the quality and comfort of air in homes and buildings; transport and protect food and perishables; and increase industrial productivity and efficiency. We are a \$13 billion global business committed to a world of sustainable progress and enduring results.
